### Experience Summary

- Over 7+ years of experience in IT, specializing in Oracle Data Integrator (ODI), Oracle Analytics Cloud (OAC), Fusion Data Intelligence, OBIEE, BI Publisher, Informatica, and DAC
- AI Generalist with certifications in OCI GenAI, Outskills AI Mastermind, AI Agent studio foundation, Oracle AI Vector search.
- Experience in Implementation and management of full life cycle of Analytical solutions
- Strong understanding of data warehousing concepts and best practices
- Proficient in designing and developing BI Solutions as well as ETL components using ODI
- Experience in Salesforce, Flat files, Oracle as source system for ODI and build connections and mappings, reusable mappings, packages procedures for the same
- Worked on Informatica and DAC Enhancements
- Experience in creation of RPD objects and OBIEE reports
- Worked on Automation of ODI Object Migration Process through UiPath automation tool
- Received Opportunities to work closely with client by traveling to Onsites
- Received couple of Appreciation awards, mails from clients and organizations as well
- Ability to handle and getting work done from team, previously handled team of 3 persons
- Ability to work under tight deadlines and rapidly changing priorities with proactive, creative and focused approach
- Good Interpersonal and communication skills for efficient client interaction

### Professional Experience

Organization	Tenure
1. Oracle	Nov 2022 – Current
2. Tata Technologies	Jun 2021 – Nov 2022
3. Larsen & Toubro Infotech (LTI)	Sep 2018 – Jun 2021

### Skills Summary

Domain	HCM, Financial, Manufacturing, Auto Mobile
	DB Tool: Oracle
	Tools: OAC, BIP, OBIEE, ODI, Informatica, Apex

### Professional Certifications/ Trainings/Appreciation

- Received Yes Excellence Award in **Oracle** in FY25
- Received Special Recognition Award - Ace Consultant in **Oracle** in FY23
- Received Champion of Quarter Award in **Tata Technologies**
- Received Certificate of Appreciation in **LTI**
- Part of Hiring panel of Oracle for OBIEE, OAC, ODI
- Part of Hiring panel of Tata Technologies for ODI
- MySQL HeatWave Implementation Certification
- Oracle Cloud Infrastructure 2024 Generative AI Certified Professional Certification

- Oracle Cloud Infrastructure 2023 Certified Enterprise Analytics Professional certification
- Oracle Cloud Infrastructure 2023 AI Certified Foundations Associate Certification
- Oracle Data Integrator 12c Certified Implementation Specialist Certification
- Oracle Cloud Fusion Analytics Warehouse 2023 Certified Implementation Professional Certification
- Udemy UiPath Automation Certification

Project 1			
Organization Name	Oracle	Year	2025-On Going
Client Name	Amplifon	Team Size	3
Project Description	The scope of this project is to develop dashboards in the Fusion Data Intelligence to support the specific requirements of the HCM Workforce. This includes the development of custom measures, creation of SQL views, implementation of extensions to integrate data from external sources. Additionally, the project involves building dashboards for Attrition, Workforce Composition, and New Hires with HCM data from fusion.		
Role & Contribution	Role: FDI Consultant <ul style="list-style-type: none"> <li>• Responsible for planning effort estimations for reports, ensuring alignment between requirements and the development approach, meeting project deadlines, and conducting User Acceptance Testing (UAT) post go-live in the production environment.</li> <li>• Development of logics of all the KPI's of Dashboard</li> <li>• Development of SQL Views, SME modifications, OTBI Report analysis</li> </ul>		
Technology & Tools	Fusion Data Intelligence, ADW		

Project 2			
Organization Name	Oracle	Year	2024-2025
Client Name	ENI	Team Size	4
Project Description	The scope of this project is to develop a VBCS-based custom contract generation application that pulls employee data from HCM to generate a variety of contracts. These include leave agreements, secondment arrangements, transfers, and more, all of which are rendered using OAC BIP templates to present contract-specific information in a structured and dynamic format. The project encompasses over 70 Publisher contract reports, and I am leading the reporting efforts, overseeing the work of a junior team member. The go-live process is structured in 4 drops, each deploying 15–20 reports. 3 drops are completed and working on 4 <sup>th</sup> drop.		

Role & Contribution	<p>Role: OAC Consultant</p> <ul style="list-style-type: none"> <li>Responsible for planning effort estimations for reports, ensuring alignment between requirements and the development approach, meeting project deadlines, and conducting User Acceptance Testing (UAT) post go-live in the production environment.</li> <li>Overseeing the work of a junior team member, providing guidance and support to ensure successful task completion and quality deliverables.</li> <li>Development of logics of Contract Generation</li> <li>Development of OAC BIP Reports/Data Model</li> </ul>
Technology & Tools	OAC Analytic Publisher, Oracle DB

Project 3			
Organization Name	Oracle	Year	2024-2024
Client Name	SBI Banking - Onsite	Team Size	4
Project Description	The scope of this project was to develop an OAC-OARM dashboard along with an ODI ELT solution to extract data from the Oracle Adaptive Risk Management (OARM), enabling the customer to gain valuable insights from their data.		
Role & Contribution	<p>Role: OAC Consultant</p> <ul style="list-style-type: none"> <li>Development of OAC Dashboard with different visualizations</li> <li>Development of ODI Project (Mappings, Packages, Load Plans) to bring data from OARM</li> <li>Development of RPD Data modeling solution for Subject area</li> </ul>		
Technology & Tools	OAS, ODI, Oracle DB		

Project 4			
Organization Name	Oracle	Year	2022-2024
Client Name	Rajasthan Gov. (RISL) - Onsite	Team Size	9-12
Project Description	The scope of this project involved developing the IFMS 3.0 system and executing a data migration from IFMS 2.0. This included the creation of key modules such as Master Data Management, Pay Manager, Budget, and WAM. Data migration was carried out using Oracle Data Integrator (ODI), GoldenGate, and PL/SQL procedures.		

Role & Contribution	Role: ODI Consultant <ul style="list-style-type: none"> <li>• Development of ODI Migration Project(Mappings, Procedures, Load- Plans) of different modules</li> <li>• Building logic for the requirements</li> <li>• Development of Users, Tables, Indexes, SQL Procedures, Triggers etc</li> <li>• Production go-live migration's</li> <li>• Leading the team by mentoring freshers, delegating tasks effectively, and ensuring timely completion of assigned work.</li> <li>• Collaborated with multiple vendors working for the customer, providing consulting support and assisting in logic design.</li> <li>• Conducted interviews in Rajasthan to support the customer's hiring process as an additional initiative</li> </ul>
Technology & Tools	ODI, OAS BIP, Oracle DB, PL/SQL

Project 5			
Organization Name	Tata Technologies	Year	2021-2022
Client Name	Honda Vietnam	Team Size	4
Project Description	The Scope of this project is to provide support for ELT and OAC and also to do developments and enhancements according to requirements in SQL Procedures, ODI, OAC		
Role & Contribution	Role: OAC Developer <ul style="list-style-type: none"> <li>• Building logic for the requirement</li> <li>• Development of ODI Objects (Mappings, Procedures, Load-Plans)</li> <li>• Development of BI Report, SQL Procedures</li> <li>• Error fixing and validation</li> <li>• Support for Daily tickets and ELT Monitoring</li> </ul>		
Technology & Tools	OAC, ODI, ADW, SQL		

Project 6			
Organization Name	Larsen & Toubro Infotech(LTI)	Year	2018-2021
Project Name	ASG	Team Size	2
Project Description	Scope of this project is to provide support for ETL and OBIEE and also to provide developments and enhancements according to requirements in ODI, Informatica, OBIEE area		

Role & Contribution	Role: OBIEE Consultant <ul style="list-style-type: none"> <li>Administration and maintenance of environment</li> <li>Development of objects in RPD and reports and manual fixing of reports</li> <li>Fixing issues in the catalog and RPD</li> <li>Informatica, ODI development and support work</li> <li>Daily ETL monitoring and issue fixing</li> <li>Handling access to OBIEE granting data-level securities through APEX</li> <li>Made changes in configuration settings to improve performance of BI</li> </ul>
Technology & Tools	Oracle Business Intelligence Enterprise, BI Publisher, Apex, Informatica, ODI

Project 7			
Organization Name	Larsen & Toubro Infotech(LTI)	Year	2018
Project Name	Synonym Switch in ODI 12C	Team Size	3
Project Description	The scope of the project was to develop logic through which we can achieve availability of data even when ELT is running. ELT will not affect the reports and users will get the latest data from the tables.		
Role & Contribution	Role: ODI Developer <ul style="list-style-type: none"> <li>Building logic of the Project</li> <li>Development of SQL tables, Synonyms</li> <li>Development of Mappings, Packages, Processes, Load plans</li> <li>Testing of Output in with different test cases and error fixing</li> </ul>		
Technology & Tools	ODI & Oracle DB		

Educational Qualification	
Education	<ul style="list-style-type: none"> <li>Bachelor of Engineering (Computer Engineering) in 2018 Mumbai University with 7.58 CGPI</li> <li>Diploma in Engineering(Computer Engineering) in 2015 with 80.44%</li> <li>S.S.C with 77.60%</li> </ul>
